

# Fly-In MOBILE SAFARI ACTIVITY BY

ACE SAFARIS IN COLLABORATION WITH MAJOR BLUE AIR

We are super excited and can't keep calm as we unpack whole new **Mobile Safari** experiences. Going on an African Safari is entirely an inimitable experience that's irreplaceable. The latest of its kind coxed by tremendous skilled and conversant guides in the field of guiding. Some guides have accumulated skill through living in the bush for long, whilst others were born and grew up in the surrounding villages, which makes them instinctive. The Okavango Delta is their home, hence not being ordinary guides. Guiding is part of their daily lives, since some embarked on the guiding path a while ago. Guiding is a God given talent to a few who happen to enjoy nature and culture.

Major Blue Air planes are piloted by young **locals** majority whom were groomed by Major Blue Air Academy (Flying School). Professional leaders in the Botswana Aviation space

# ACE MOBILE SAFARIS PRESENTS TO YOU SAFARI ACTIVITIES IN GRANDEUR:

Depart Maun in the morning by flight with **scenic flight** enroute over the mighty Okavango Delta in order to enjoy wild animals, landscape scenery, and amazing vegetation as well as water streams in **Major Blue Air** remarkable up-to-the-minute aero planes in our fleet, and return to Maun in the late afternoon, before Sunset.
